

TUSHAR RAVINDRA KOLI

📍 Jalgaon, Maharashtra, India

📞 +91-8208673053 | ✉️ tusharkoli776@gmail.com

PROFILE

Final-year Electronics and Computer Engineering student with strong knowledge of programming, core electronics, and computer systems. Hands-on experience in AI-based applications and data handling through academic projects and internship. Strong analytical, problem-solving, and communication skills. Seeking an entry-level role in a reputed organization to contribute and grow.

SKILLS

Programming Languages: C, Python

Database & Tools: SQL, MS Excel, MS Word, MS Outlook

Core Subjects: Digital Electronics, Microcontrollers, Basics of Computer Networks

AI/ML: Computer Vision (Basics), Facial Expression Detection

Soft Skills: Communication, Problem-solving, Team Collaboration, Adaptability

INTERNSHIP EXPERIENCE

Student Intern

High Seas Logistics Private Limited, Pune

[1month]

- Utilized MS Excel, Word, and Outlook for data handling and documentation
 - Performed data analysis using basic mathematical and logical concepts
 - Communicated effectively with team members in English and Marathi
 - Assisted in workflow management using online platforms
-

PROJECTS

Facial Expression Detection using AI

- Developed a machine learning model to detect and classify facial expressions
- Applied computer vision techniques for feature extraction and prediction

- Improved model performance through data preprocessing and tuning

Nanotechnology Applications in Electronics

- Analyzed applications of nanotechnology in modern electronic systems
 - Studied nanomaterials and their impact on device performance
 - Conducted research on fabrication techniques and presented findings
-

EDUCATION

B.Tech – Electronics & Computer Engineering

KCE Society's College of Engineering, Jalgaon (DBATU)

2022 – 2026 (Pursuing)

ACHIEVEMENTS & ACTIVITIES

- Completed academic projects in AI and Electronics domain
 - Actively involved in technical learning and self-development
-

INTERESTS

AI | Coding | Emerging Technologies
